“ Seeing how many lives my brother touched is just incredible. I knew he was popular and loved but it is far beyond what I realized. Thank you all. I'm honestly at a loss for words. I've poured my heart out.. I have nothing left in me. My heart is so heavy bro. So so heavy. I still do not believe this is real. Can't be my brother. Why am I having to sit here and remember our last hug. Our last I love you.. why? It's not fair. It's just not fair!!!!!! I go from sad to angry because I just want to get even for you. Bro you know what I would do to them if I had the chance, you know it. You're laughing right now saying "I know sis you crazy" haha crazy for my brother, you f'n right!!! I wish y'all ended up moving to Miami. Then maybe I wouldn't be writing this. But we could spend days talking about what if's. I have to accept that this is our reality. I hope to see you in my dreams. I look forward to when I meet you in heaven. & just know I love you so much. I miss you beyond words and I will every single day!! Kisses and hugs to my angel in heaven.. I love you punk

“ My handsome! This still seems like a bad dream. Where do I begin? I could write a  
book and the title of my book would be life with Superman. You are the most  
amazing soul I am blessed to have ever meet. 10 years later and you still amaze me  
from the random trips, spur of the moment movie dates, late night bike rides, dinner

dates, I could go on and on. Most importantly your relationship with your mini me is one like no other. You've created a bond that can never be broken. I applaud you for that. You are the greatest father and I know he is your greatest accomplishment. You will forever be missed and I promise to keep you alive through the many memories we have made and even the ones still to come. My heart breaks over this. You did not deserve this. Bedtime has got to be the hardest time when Jr asks me "why my mommy daddy?". His concerns and questions he has are all only YOU would be the answer to. Please watch over us and guide him as I know you would. Until we meet again Cup\* I love you forever and a day , Pud\*

“ Justin. My son. My heart aches. We are going to miss u more than words can. I was blessed to knedl beside you at an alter in church when you accepted christ. One of our mountaintops in our walk was when i brought you to goody petronelli. Watching you go pro and watching you go to vegas. One of our valleys was the day we

squared up and ended up with tge same eye blackened and shut. You were an alpha like me and as always in a family that thrives on love, grace, and mercy. It ended with more respect for each other. Truly gangsta. truly a christian. Never a bitch. Always a son. I was a step in fatha and blessed by god to be that man. The devil can no longer gnaw at your heals. Now you know just who you are. Enter your rest. See u on tge other side.
