“ So sad to hear of Louie's passing. Louie was my mentor in my younger years and more important, my lifelong friend. A lot of the worlds problems were solved during discussions at his garage. Louie had a great sense of humor and a mechanical knowledge and skill that he shared with me and countless others..I am forever grateful for Louie as my career as a mechanic and supervisor are directly related to the time we spent together. I could never thank you enough. Rest in peace my friend, until we meet again.
