“ Doug, Bob and I were deeply sad when we heard of your wife passing. Your cherished sons and their chosen life partners and grandchildren were blessed to have such a wonderful Mother, and grandmother who could not have loved them more.

We remember when the boys Doug, Barry and Glen were born and just the apple of Shirley's world with you. Loved visiting because the home was always full of laughter and good friendship! She was the sweetest wife.

Time has passed so quickly and we were always going to stop by but like everything else in life we meant to but something always got in the way.

We will always remember her smile and the best laugh that would lift any one up.

Rest easy Shirley we were fortunate to have shared your friendship and thoughtfulness when you dropped by with Doug when times were tough and brought us groceries. We never forgot that. You and Doug taught us to pay it forward and never say a word about it to others. Kindness and friendship are what life is all about <3 Rest in peace.

“ I have many memories as I spent a lot of time with Uncle Gene, Aunt Mae, and Aunt Shirley. She was the person that realized I could not hear while she was taking care of me. She showed mom and from that moment forward mom was on a mission. Today I can hear and it's because Aunt Shirley found it so early in my childhood. She is free of any pain and reunited with her god child Tracy and all those that have passed on. Uncle Doug and family you are all in our thoughts and prayers. May God be your Comforter in the days to come. God Bless You All.

“ Madinga you will truly be missed. I'm going to miss our phone calls. You've been so supportive since my mom went into the hospital. I thank you for bringing me camping and always letting me sleep over when I was little. Sorry we never made it to the Venus Demilo for lunch. I promise the next time I go it will be in honor for your soul. My heart is broken. I knew I loved you but guess I never realized how hard it would be to lose you. Rest easy and say hello to my Dad, Grammy and Grampy.

“ There are so many wonderful memories of Aunt Shirley. I remember going out in a boat in the backyard. I will always cherish going over to visit at their house.
